

# CLIMATE ADVOCACY STORIES

# ADVOCATE

- This means standing up for something that you believe in.
- By doing this, people can make a change bigger than just themselves.

# ADVOCATE'S STORIES

Each group is going to work out the story of an advocate who has used their voice to fight against climate change.

Each group will get some cards and work out what their story is.

Think about:

- What inspired your advocate to take action?
- Were there any problems they had to solve?

# DEBATING CLIMATE SOLUTIONS

- Next you are going to practice BEING an advocate.
- When you have a debate the first thing you need are some facts and evidence.
- We're going to play a game with flashcards so that you know what evidence you've got.

# DEBATING CLIMATE SOLUTIONS

- Find everyone else who has flashcards on the same topic as you
- Once you've found each other. Read the flashcards and think about whether you agree with them.
- Discuss what you think with your group

# THE CLIMATE DEBATE

Now you get to have a debate in your group about the evidence you've just read!

# MAKING A PLAN!
